

Certificate Course on

Communication and Swallowing Problems in the Elderly Population

Jointly organised by

The Federation of Medical Societies of Hong Kong The Hong Kong Association of Speech Therapists

Objectives:

Upon completion of the course, participants will be able to understand the communication and swallowing problems associated with common disease in the elderly population. Speech therapists will share how these problems are identified and remediated. The course will feature solid theoretical background knowledge as well as day-to-day tips. Participants will be able to enhance their knowledge and confidence in handling individuals with communication and swallowing difficulties.
